Announcement of position for a GIS technician /Spatial analyst

Starting date: November/December 2008

Duration: 36 months

Research environment:

The technician will be associated to the LINC Global (Laboratorio Internacional de Cambio Global), which is a joint venture between the Spanish Research Council (CSIC) and the Pontifical University of Chile (PUC). The technician will be based in the BIOCHANGE Lab (www.biochange-lab.eu; CSIC, Spain).

Required background and skills:

- Experience with GIS, analysis of digital elevation models and geostatistics.
- Knowledge of at least one programming language.
- Experience with databases and/or SQL.
- BSc/MSc in Biology, Environmental Sciences, Geography, or related topics.
- Spanish and English as a first or second language.

Application:

Send one cover letter explaining why you think you are an adequate candidate for the post, a portfolio of applications of GIS/Spatial analysis where you have been involved, a short CV (no more than 3 pages), and two reference letters before the 15h of October 2008.
